TAOS

touch 10

TAOS *touch 10*

The best payment and control for your machines.

The TAOS system is the perfect solution to completely manage satellite vending machines. Features the most advanced payment systems to control up to a combination of 4 slave vendors.

This new concept allows the installation of a multi-product vending point that takes up less space and offers different payment systems. It has one of the widest ranges of payment modules on the market.

VANDAL-PROOF LOCK

ENERGY-SAVING LED LIGHTING

FEATURES
